Beacon Hill residents, through the park planning process, have identified several park features that should be replaced, upgraded or added to Jefferson Park:

- ◆ **GYM.** A 7,000 square foot athletic facility, with parking and landscaping.
- ◆ **PLAY AREA.** A safe and fun place, accessible to all children.
- ◆ **COMMUNITY CENTER.** An expanded facility.
- ◆ **TENNIS COURTS.** New and/or improved courts.
- ◆ **PATHWAYS, ENTRANCES, BENCHES AND LANDSCAPING.** Spaces for joggers, strollers and folks who simply want to sit and relax.
- ◆ One of Jefferson's two reservoirs will be decommissioned, opening up that space for other uses.

Jefferson Park is YOUR park. We need your ideas to help determine where to locate these new features.

Some improvements already are making Jefferson Park more beautiful and accessible:

- ◆ The Beacon Avenue median was rebuilt.
- ◆ Fences were moved closer to the reservoirs, creating new open space.
- ◆ An east/west path was built.
- ◆ New plants and landscaping.
- ◆ Construction of a path along South Spokane Street, between 16th and 24th is underway.
